

The Sweet Life Lyrics

Duke: Have a snack
Have a treat
May I recommend you eat
Lost of sugar every day

Cause its the sweet life

Have nibble
Make it double
You can eat away your troubles
Have a giant scoop of junk

Cause its the sweet life

Nevermind what they say
About plaque and tooth decay
You can bottom dollar that I'm right

Yes, with every sugar snack
You can fill your mouth with plaque
Open wide, cause it's the sweet, sweet life!
